My dear Doctor:-

I am sorry to hear that you have sustained another lose, and I trust that no more occurrences of this order are behind you.

The exhibition started promptly on Saturday, and we and we filled up the entire number of cases, both flat and wald in the balcony with United States coins and patterns. Down stairs we put the Colonial coins, Private Gold, Half cents and large cents. Any more pieces you want to send, I can easily accomodate as I have left room for a few additions, when I laid them out. In order to catalogue them I would like to have them in at least two weeks time.

Trusting to see you down here soon, I remain,

Very truly yours,
